Event: Speaker Session on 'Ways to become a successful Entrepreneur'

BloomBox, E-Cell KJSCE conducted an interactive session in association with Chatur Ideas on 'Ways to become a successful entrepreneur'. Mr. Devesh Chawla, founder of Chatur Ideas delivered the speaker session and this session was conducted for people who aspire to be an entrepreneur. As the session was interactive, students asked various intriguing questions to Mr. Devesh. He cleared queries from the audience and explained all the important aspects that should be considered to start any entrepreneurial venture. Right from coming up with an idea to actually implementing it, from developing a prototype to making a workable business model, he discussed it all. The audience was very lively with a keen interest in Entrepreneurship. He took a case study of Mr. Jignesh Shah sharing some of the aspects of his life. He also mentioned about the book entitled 'The Target' written by Shantanu Guja Ray which was based on Mr. Jignesh's life story.

Event: Hack-IoT

BloomBox in association with riidl conducted Hack-IoT (30 hours Hackathon based on Internet of Things). The motive to conduct the hackathon was to introduce students to the social problems in the world and how they can help to resolve these issues with the prime use of technology with their technical skills and convert their solution into a business model. There were three speaker sessions conducted before the hackathon, to acquaint the participants with the knowledge of IoT, Business Model, and Hands-On workshop on IoT . The speakers were Mr. Neil Savant (CEO & Founder, NOUS Home Automation), Mr. Irfan Siddavatam (Assistant Professor, Information Technology Department of KJSCE) and Mr. Gaurang Shetty (Chief Innovation Catalyst, riidl). The team "Raspberrians 4.0" was declared the winner.

Event: Global Blockchain Hackathon

Department of Information Technology and BloomBox, Entrepreneurship Cell KJSCE organized 24 hours Hackathon based on Blockchain Technology which witnessed participants from all over India. The motive to conduct the hackathon was to introduce students to the technology of Blockchain and how it can be implemented to solve real world problems. The judging panel for the Hackathon consisted of Mr. Rohit Kilam (CIO/CTO, Aditya Birla Finance Ltd), Mr. Prasham Rambhia (Assistant Vice President, Nomura), Mr. Irfan Siddavatam (Assistant Professor, Information Technology Department of KJSCE).

Details of prizes (wherever applicable fill all the entries)

Sr. No.	Institution/Organization	Position	Problem Statement/ Domain team worked on
1	Walchand College of Engineering, Sangli	1st	Secure and Transparent Decentralized Voting System
2	K.J Somaiya College of Engineering	3rd	Social media platform using BlockChain Technology
3	VJTI	3rd	Decentralized supercomputing of map-reduce jobs using Ethereum Blockchain.
4	Fr. Conceicao Rodrigues College of Engineering , SRM	3rd	India witnesses 500 cr+ funds for CSR activities, these funds are enough to solve some major socio- economic problems in our country. Apart from that, there are over 20 lac organisations working towards eradicating these problems, but they lack the monetary and non-monetary resources. Hence, there is no transparency, no trust among donors, no proper flow of the funds towards the primary cause and its efficiency is stagnant.

Event: Ennovate '19

BloomBox, Entrepreneurship-Cell KJSCE conducted **Ennovate '19** a Techno - Business event with the tagline 'Make your work know it's worth' giving all the technology enthusiasts a platform to showcase their business ideas. Participants were asked to build a prototype of website/ web application demonstrating the use of any technology and provide innovative solutions for real-world problems through their prototype. Along with the prototype, the teams were also asked to provide a business plan for their prototype. They were free to choose any problem statement of their choice. The event was organized in two rounds - Elimination Round (Round 1) and Final Round (Round 2) both held on the same day. Total 18 teams participated in the competition from colleges all over Mumbai with major participation from K.J. Somaiya College of Engineering.

Details of prizes (wherever applicable fill all the entries)

Sr. No.	Name of the Institution/ Name of the Winners	Details of prize won	Problem Statement/ Domain the team worked on
1.	KJSCE 1) Chirag Shetty 2) Neel Shah 3) Shivam Pawase 4) Nishchith Shetty	1st	News provided in inshorts is provided summarized and edited manually which can be tedious. • It is inshorts who decide what side of a controversy they want to belong to and give a take on it. They choose the source. • The news provided by inshorts are mostly national news and don't provide local news covered by local channels. Apart from that news provided is only specific to India so there is no international reach.
2.	NCRD's SIMS 1) Sarang Bora	2nd	Drowning is serious and neglected public health threat and there are no broad prevention efforts that target drowning. To overcome this problem

			a solution was developed B using a floatation & tracking device which is comfortable and easy to use.
3.	KJSCE 1) Akshat Kacheria	3rd	Brain Controlled Wheelchair
4.	KJSCE 1) Batliwaala Moinuddin Usman 2) Shubham Chavan 3) Abdul Kadir Ansari 4) Sohail Lohar	3rd	Travelling through school buses, there is a general concern of parents to get informed when their child has boarded and get off the bus.
